Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Secretary can be shown on the day of the Show

Notification Cattle Movement – Taken from www.irishshows.org

Keepers wishing to show cattle must obtain a Certificate of Compliance prior to the movement of the animal to the Show. This ensures that the animal(s) in question has the necessary TB, BR and BVD tests recorded on the Department's database and that the keeper presenting the animal is not restricted by the Department. Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the www.agfood.ie facility or from the Cattle Movement Notification Agency. When applying for a Certificate of Compliance, keepers should not specify a destination herd. On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary along with the bovine passport for the animal. The keeper and the Show Secretary will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording onto the AIM system.

Galway Holstein Friesian Breeders Show
